What is a Community Council?
Communities across the UK are being encouraged to set up local bodies to make decisions on issues affecting their local community. You will then have a direct point of contact to voice concerns and make suggestions to the local authority.

Dear Resident

UPCOMING BALLOT ON PROPOSAL TO FORM A COMMUNITY COUNCIL - 27TH JUNE TO 15TH JULY

You may be aware that over the past 18 months there has been a campaign for the establishment of a Community (or Parish) Council for the only unparished areas of Three Rivers District. The campaign group includes local residents and is also supported by the various Residents' Associations in the area and Three Rivers Chamber of Trade & Commerce.

Following the presentation of a petition in October last year, Three Rivers District Council have decided to ballot all residents in the affected areas to gauge the level of support for the creation of a Community Council. The ballot will be conducted by post and papers will be posted on the 27th June. We are writing to ask you to vote YES in the ballot.

The areas without a Community Council

Three Rivers District currently has five parish councils covering approximately 75% of residents. The following areas have no such council to represent them:

- Moor Park & Eastbury
- Penn & Mill End
- Rickmansworth Town & part of Chorleywood North
- Maple Cross, Heronsgate, West Hyde & part of Chorleywood South

The proposed Council would represent these areas through democratically elected local community councillors.

What would be the benefits of having a Community Council?

- ☒ Give us a voice through a democratically elected and accountable body.
- ☒ Be an obvious point of contact and consultation for the District and County Councils and other authorities.
- ☒ Use its funds to make a direct positive difference to our communities, such as:
 - Supporting local voluntary and community groups, through grants and helping to promote their work and achievements
 - Helping to fund community events
 - Supporting crime prevention and road safety initiatives
- ☒ Develop a Neighbourhood Plan which means that our communities can have a say in what's

- We took as a compliment that those against the creation of a community council likened our marketing strategy to Saatchi & Saatchi – “*Nothing is impossible*”
