

# *Resilience*

Paul Cobbing

Its about  
people, not  
stuff

# Winter 2015

## Who are we?

- A national charity
- Well in excess of 200 affiliated groups
- Projects across the country
- We provide a voice

**Support and represent flood risk communities**

# Woodlands Estate, Liverpool

# West Sussex

# Worcestershire

# The role of Town and Parish Councils and flood risk

Communities working in partnership are an essential component to increasing flood resilience

# Issues for discussion

1. Working with and supporting Flood Action Groups
2. Resilience vs Flood Risk Management
3. Dealing with conflicting priorities
4. Planning, development and flooding
5. Insurance for households and business
6. Roles during a flood and during the following years
7. Riparian management
8. Maintenance
9. Individual and community incident and flood action plans
10. Working with volunteers

Thank you
