## **NALC & AON - WORKING TOGETHER TO PROTECT OUR COMMUNITIES**

In the current financial climate time where Local Councils are increasingly acting as a safety net to maintain vital services for communities, it is more important than ever to have sector experts we can rely on who can support our endeavours and arrange protection for councils delivering services.

An important aspect is Insurance and risk management where we have the reassurance of working with Aon UK Limited, one of the UK's largest insurance brokers and our principal insurance partner.

Our association dates back nearly 50 years, and during that time, Aon have provided NALC and our members access to a wealth of knowledge and experience of insurance and risk management - a vital extra piece of support as council powers and responsibilities grow.

They have worked closely with us to gain deeper insight into the challenges and issues councillors and clerks face and arrange insurance solutions that - we believe - genuinely meet the needs of the local council sector. This year Aon have worked with the insurers to enhanced the policy to provide increased coverage and have a price match offer for new customers\*, click here for more details.

If not already with Aon, we'd encourage you give Aon a call on 0333 222 0145 to discuss your needs and request a quote for your committee for the forthcoming renewal.

Yours

Cllr Sue Baxter  
NALC Chairman

National Association of Local Councils (NALC) is an introducer appointed representative of Aon UK Limited which is authorised and regulated by the Financial Conduct Authority.
