# My Community

You can change your  
community for the better

[mycommunity.org.uk](http://mycommunity.org.uk)

Just  
Act

Did you know you have powers  
to make a difference in your area?

We can help you save local pubs,  
shops and community centres

You can have more of a say over:

- what happens to local land and buildings
- how services are run so that they meet your needs
- the development of your area through neighbourhood planning and building for your community
