

APRIL 2020

STANLEY PARISH COUNCIL, DERBYSHIRE

Stanley Parish Council has agreed to support a local group to establish a wildflower area at the Stanley Village Recreation Ground. The council has proposed that the grass be left uncut for the coming year to see what naturally establishes itself. Additional advice and guidance will be sought from the Derbyshire Wildlife Trust, who has been working with the parish on the Fallow Field project at Stanley Common.

This initiative will produce a beautiful meadow for locals to enjoy as well as creating a new habitat for wildlife. This green space is imperative to the health and wellbeing of residents while promoting the value of the countryside.

Has your council done something similar? If so, please email:
